

## **Jesus is...**

### Jesus is...

- The name I call when drawing near to my Lord
- The one holding me close when I sometimes feel lost
- The battle-cry yelled when I'm under attack
- The victory-shout when the enemy's turned back!

### Jesus is...

- The name in the way of intellectual religion
- The word I hear spat in anger and frustration
- The stumbling block for many a person
- The foolishness of God proved wiser than wisdom

### Jesus is...

- Up close and personal (if you'll let him)
- Scary and tender (when you see him)
- Majestic and humble (when you know him)
- The question, the answer, the context, the detail
- The beginning and the end, my lover and my friend
- My companion on the journey and it's glorious destination
